BLOOD CEMETERY LORE

- Land originally owned by Blood Family in 1800s
- Inherited by old Dr. Blood who lived on a mansion next to the cemetery
- The doctor had a mental break and shot his wife with a shotgun and dismembered her with an axe
- Buried her in the cemetery, then hanged himself from a large tree to avoid punishment
- Years later some kids went to the cemetery to explore
- One went into the mansion, and still did not return after several hours
- Kids called police but when they arrived the mansion was on fire
- Found kids burnt remains, but with his arms and legs tied...next to a shotgun and an axe
